

Save More Than Money

Group Purchasing with Una

Our Mission

Una is on a mission to empower Sourcing Heroes to overcome the challenges of running a lean procurement program. With the help of Una's sourcing advisors, you can reclaim your valuable time, find new cost savings, and focus on leading procurement.

Save Time & Effort

There are more spend categories to manage than there are hours in a day, and not every purchase can wait out the bid process.

Quickly connect to the contracts you need without the hassle of supplier negotiations and move on to your next priority.

Save Money

Becoming an Una member unlocks billions in buying power and gets you access to pre-negotiated contracts that can save you an average of 22%.

We've already done the heavy lifting, now all you have to do is choose your favorites and start saving.
