

# Save more with TRIOSE

Turn your shipping volume into increased value with the power of group purchasing.

## Gain control of your shipping costs.

Your business aims to give your customers the best experience possible, but if you don't have full visibility to your supply chain expenditures, you might end up charging them more than you need to.

Una provides access to discounted shipping rates and experts in making the behavioral changes necessary to rein in excessive costs by partnering with TRIOSE.

### Inbound Shipping

Vendors often hide increased costs in their shipping.

This gives the appearance of reduced cost for the product, but it still adds up.

TRIOSE works with over 10,000 vendors and can help shine a light on these previously unmeasured costs.

### Outbound Shipping

Don't leave money in the mailroom!

TRIOSE gives you access to reduced shipping rates and helps educate your employees on how to always ship in the most cost-effective way to achieve your goals.

A difference of 2 hours in delivery time can add up to hundreds in increased shipping costs!

### Large Cargo Services

The TRIOSE Freight180° program sources from large cargo shippers from across the country to ensure cost-effective rates and the highest level of service.

TRIOSE matches reduced costs with logistics experts who get you what you need, when you need it.
