

# Food Cost Reduction Program

Reduce your food costs by up to 20% by participating in one of Una's food cost reduction programs.

## Drastically reduce your annual food spend.

Una works to negotiate discounted pricing directly with leading suppliers that operate within the food distribution industry.

With diverse and comprehensive contracts in place, we can ensure the organizations we work with save money on food costs regardless of size or location.

## Average savings of 15-20% off current spend:

- Over \$1 billion in leveraged spend to secure average savings of 15-20%
- New member rebate incentives
- 300+ deeply-negotiated supplier agreements
- 30,000 line items under contract
- Deep off-invoice discounts and price protection
- Online platform to maximize program value, control costs, improve culinary experience and increase revenue
- The most competitive cost of goods to your organization
- Powerful reporting that supports tracking and additional savings potential
- Competitive distribution mark-up schedule
