

The Power of Una

Be empowered to source smarter and source faster.

Together, we can do more.

As a GPO, Una facilitates a way for procurement leaders to elevate their existing spend management strategies and formulate a path to procurement success.

Save Money, Time & Effort

Contracts with an average savings of 18-22% means no longer having to shop around or spend extra time negotiating contract terms on your own.

Speed to Savings

We work diligently to identify areas of opportunity and connect members to pre-negotiated contracts quickly, allowing you to start saving right away.

Transparency

Building trust and operating with full transparency means we share results regardless of outcome, and won't stop until we find a solution.

Supplier Relationships

We're dedicated to supporting and nurturing our supplier relationships in a way that reduces maverick spend and enforces compliance.

Cost Savings Analysis

Avoid the lengthy and complicated RFP process with cost savings analyses based on real data and real contract terms.

Consulting

Results-based consulting at the direction of our members, without the hefty fee.

Member Experience

With a 97% customer retention rate, our dedicated team provides unmatched customer service to ensure we, as well as our suppliers, are meeting your needs.

Your partner in procurement

Join Una and confidently take advantage of the comprehensive savings solutions offered through increased buying power and superior service.
